NEW HONCHO PONCHO™ KIDS

There's a new (pint-sized) honcho in town! After much demand, the kids' Honcho Poncho is finally here, ready to keep little ones warm, cozy and feeling like superheroes in their insulated capes.

Perfect for everything from enduring siblings' sports games to making s'mores on a family camping trip, this petite Honcho Poncho features all the same fun and functional features as its parent poncho.

- **eraLoft™ Insulation:** Efficient and compressible, our water-resistant synthetic fill uses hollow fibers to reduce weight without sacrificing warmth.
- **Water Resistant:** Offers a wet weather barrier with its hood and DWR coated water-resistant, breathable shell.
- **Cozy:** Perfect any time your kiddo needs a little extra warmth (and a great solution for little ones who never seem to want to wear a jacket).
- **Handy:** Kangaroo pocket keeps little hands warm and top zip pocket stows essentials.
- **Shape-Shifting:** Snaps under the arms transform the poncho into a blanket and back again.
- **Packable:** Packs into its own zip storage pocket.
- **One Size:** Fits most 6- to 12-year-olds.

HONCHO PONCHO™ KIDS

COLOR	 ANIMAL	 STRIPE	 SPACE

NEW HUBBA HUBBA™ BIKEPACKING SERIES TENTS

Hubba Hubba Bikepack 1P and Hubba Hubba Bikepack 2P

Made for those who live to adventure on two wheels, the new Hubba Hubba Bikepack tent series builds on the success of the award-winning Hubba Hubba and takes it up a notch with cycle-specific touches.

KEY FEATURES:

Handlebar Stuff Sack

Designed to attach seamlessly to flat or drop bars, the streamlined tent bag is seam-taped and waterproof.

Handlebar Spacers

Removable spacers 'float' the bag away from handlebars to free up real estate for hands or accessories, and a headtube bungee keeps things stable off-road.

Hubba Hubba Bikepack 2 Poles

Hubba Hubba 2 Poles

Short Poles

Designed with shorter segments, strong DAC poles fold up small to fit easily between drops or in small spaces.

Hang to Dry

Interior and exterior clotheslines plus oversized storage pockets make it easy to dry sweaty or rain-drenched gear so you're ready to roll the next day.

Super Packable

Packed tent is designed for minimal volume so you can stuff it into small spaces in a pannier, frame bag or backpack.

Exceptional Livability

With generous headroom, oversized vestibules and a true rectangular floorplan, cyclists will have room to change and stretch out.

MADE IN	VIETNAM

Designed for the adventurous cyclist whether they ride dirt or pavement, the new Hubba Hubba Bikepack series has been meticulously designed for life on two wheels. Thoughtful features that all cyclists will appreciate married with spacious performance make these tents best-in-class.

MADE FOR THE RIDE

With shorter DAC poles and a stuff sack that integrates seamlessly with nearly any handlebar shape without taking up valuable bar space, riders won't even notice this tent on their bikes.

SUPER LIVABLE

The true rectangular floor MSR is known for provides exceptional living space, plus extra headroom and larger vestibules for cycling gear. Oversized gear lofts and two clotheslines, inside and out, add additional livable comforts.

TRUSTED EASE-OF-USE

Strong DAC poles, DuraShield™-coated fly and floors and the perfect blend of mesh and fabric easily handle frequent use and shoulder-season storms.

NEW & UPDATED

TITAN™ TITANIUM COOKWARE

Long a gram-counter favorite, the ultralight Titan collection has been refreshed for 2024 to be more functional, packable and reliable than ever before. As more adventurers turn to minimalist gear to decrease pack weight, the updated Titan line is ready to become their cookware of choice.

KEY FEATURES:

New Sizes

900 and 1400mL kettle options cater to the preferred volume needs of thru-hikers and ultralighters who tend to only boil water or melt snow.

Better Kettles

Updated silicone-coated folding handles are more comfortable to hold, an improved spout makes precision pouring easier, and the snug-fit lid has a new knob design.

Superior Packability

Nearly everything nests together with a stove and/or fuel canister so users can easily choose their preferred combinations. See all nesting options on pg. 13.

Easy Water Measurements

Kettles and cup feature interior graduation lines for fast and easy volume measuring for dehydrated meals and drinks.

TITAN™ KETTLE
1400ML

TITAN™ KETTLE 900ML

TITAN™ LONG SPOON

TITAN™
SPORK

New Utensils

A dual-purpose spork and long spoon, perfect for getting into the corners of meal pouches, are designed with gram-counters in mind who need less weight and simple, durable performance.

Improved Cup

The updated Titan Cup has the same refreshed silicone-coated folding handles as the kettles, along with a silicone lip saver band to protect from hot metal.

TITAN™ CUP 450ML

TITAN™ DOUBLE WALL MUG

Ultralight Double Wall Mug

The brand-new Double Wall Mug is incredibly light and features a sipping lid to keep drinks warmer longer in the backcountry.

TITANIUM

Redesigned for 2024, the thoughtfully updated Titan™ collection is the ultimate ultralight choice for thru-hikers and gram counters looking for peak performance, packability and minimalist luxury.

MUST HAVE

UPDATED

Titan™ Kettle 900mL

Ultralight and durable cookpot for one can be used as bowl or mug.

- Improved spout for easy pouring into dehydrated meal pouch
- Silicone-coated handles fold closed for packing and are comfortable to hold
- Internal graduation marks for easy volume measurements
- Snug-fit lid with improved handle stays secure in pack
- Nests inside 1400mL kettle

UPDATED

Titan™ Kettle 1400mL

Large ultralight kettle for backcountry duos who want to boil water or melt snow.

- Improved spout for easy pouring into dehydrated meal pouch
- Silicone-coated handles fold closed for packing and are comfortable to hold
- Internal graduation marks for easy volume measurements
- Snug-fit lid with improved handle stays secure in pack

UPDATED

Titan™ Cup 450mL

The ultimate minimalist cookpot or ultralight cup to accompany a kettle.

- Silicone lip saver band; remove before heating cup
- Silicone-coated handles flip closed for packing and are comfortable to hold
- Internal graduation marks for easy volume measurements
- Nests in 900mL kettle

PREMIUM WATER SOLUTIONS FOR ANY ADVENTURE

PHOTO: JAMES BARKMAN

MEET THE EXPANDED QUICKDRAW™ FAMILY

THE QUICKDRAW™ FILTER

The small-but-mighty filter at the heart of every QuickDraw filter system that delivers the features you didn't know you needed with the performance you do.

- **Flow Rate:** 3L/m with squeeze pressure & 1.75L/m with a gravity feed.
- **Safe:** Meets all EPA & NSF standards for removal of bacteria and protozoa.

A BETTER STRAP

When attached, the TPE molded strap is flexible and sturdy for hanging and carrying and will never be packed up wet. When removed, the minimalist attachment posts are unnoticeable when using in squeeze mode.

PREMIUM RESERVOIR

Proprietary tri-layer construction technique is guaranteed free of plastic taste and delivers expedition-worthy durability.

DIRECT-TO-RESERVOIR CONNECTION

Direct connection to Dirty reservoir eliminates air blockage for increased flow speed.

CONNECTCAP™

ConnectCap has hose attachment point and threads that screw directly to 28mm bottles and Platy Bottles.

QUICKDRAW 3L GRAVITY

The QuickDraw 3L Gravity is faster to deploy and easier to use than any other gravity filter system. With a higher capacity, more accessories, and the same forward-thinking QuickDraw modular design, it has the highest multi-use potential of any QuickDraw filter system.

CPC CONNECTOR

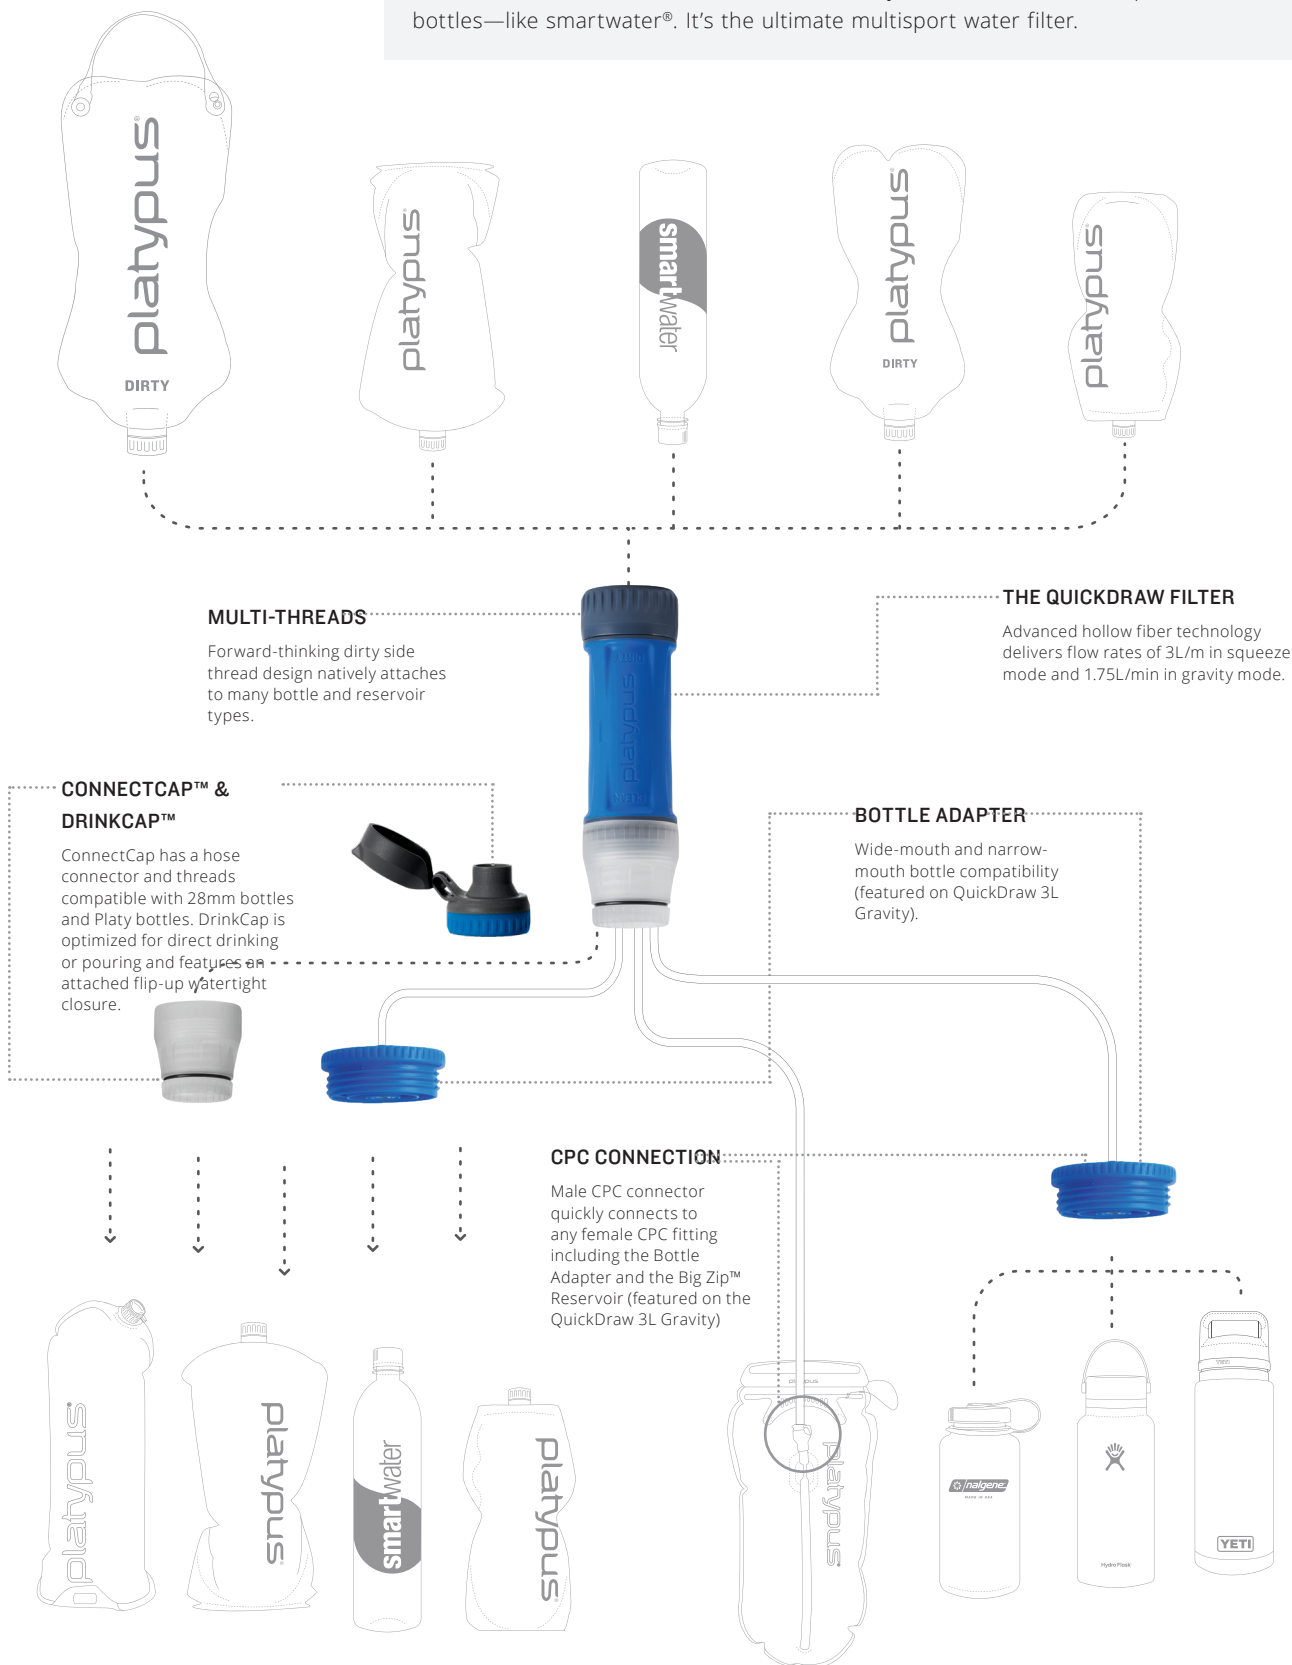

CPC connector securely clicks into Bottle Adapter, a Big Zip™ Hydration Reservoir or any female CPC fitting.

BOTTLE ADAPTER

Provides leak-free compatibility with a wide range of bottles for use as clean water storage.

ONE FILTER TO DO IT ALL

Build a system that meets your needs with the QuickDraw's seamless compatibility with three different QuickDraw reservoirs, Platy bottles, and all 28mm plastic bottles—like smartwater®. It's the ultimate multisport water filter.

FILTRATION

INDUSTRY-LEADING FILTRATION

At Platypus, we conduct taste testing at our water lab and rigorously test each filter before it goes out the door. The result? High-quality, taste-free filtration you can count on.

NEW COLORS

QuickDraw™ Filter

Compact, fast-flowing and compatible with a wide variety of bottles and reservoirs, the QuickDraw is the best water filter for your personalized filtration system.

Designed to be the high-performance core of personalized water filter systems, the QuickDraw provides class-leading filtration rates in an ultralight and compact profile, plus two cleaning methods and a simple integrity check.

- **Combine & Customize:** Thread design on the dirty side and the ConnectCap™ provide seamless compatibility with a wide variety of bottles and reservoirs to allow your system to be customized.
- **Fast Flowing:** 3 liters per minute with squeeze pressure and 1.75 liters per minute in a gravity setup.
- **Ultralight:** Weighing just 2.4 oz (69 g), it's a perfect foundation for a customized ultralight water filter system.
- **Easy Cleaning:** Two simple cleaning methods—shake-to-clean and a tool-free backflush—remove particulates and maintain fast flow rates.
- **Safe & Effective:** Each filter is individually tested to ensure it meets all EPA & NSF guidelines for the removal of 99.9999% of bacteria and 99.9% of protozoa.*
- **Integrity Test:** Determine if your filter has been compromised from a fall or freezing by performing a simple integrity test.
- Comes with dirty side cap, DrinkCap and ConnectCap™.

*Includes Giardia, Cryptosporidium, E. coli, Salmonella and Cholera.

THE QUICKDRAW™ DIFFERENCE

In every way, it's just a better filtering experience with a QuickDraw filter system. Expertly designed and built from the very best materials, every QuickDraw system gives modern adventurers the performance they need—and the features they didn't know they wanted—in an ultralight water filter.

"It's so small that it can fit in a hipbelt pocket, and it's the most efficient filtration system I've ever used."

OUTSIDE MAGAZINE EDITOR'S CHOICE AWARD

PRODUCT FEATURES

MULTI-THREAD FLEXIBILITY

With the filter's I/O dirty side threads, a ConnectCap and a Bottle Adapter, there's limitless potential in how you can interchange bottles and reservoirs to discover your perfect system.

DESIGNED BY BACKPACKERS FOR BACKPACKERS

We dialed in small details, like the grippy and hydrophobic TPE overmold that doesn't pick up dirt and caps that seal both sides for leak-free storage, to give users a great experience in every aspect.

TWO CLEANING METHODS

Shake-to-clean and tool-free backflush methods effectively maintain fast flow rates throughout a trip and into the next one.

TESTED FOR REAL WORLD USE

We use the rigorous P231 testing protocol—a 10-day process subjecting the filter to clear and worst-case water—to ensure its safety and long-lasting performance.

INTEGRITY CHECK

A simple integrity check that can be easily performed on-trail adds backcountry safety by allowing users to know if their filter has been compromised from being dropped or frozen.

INDUSTRY-LEADING RESERVOIRS

Designed for fast and easy filling, built for rugged use and guaranteed free of plastic taste, the QuickDraw reservoirs are in a league of their own. It's the Platy standard.

UPDATED

QuickDraw™ 1L Filter System

Rigorously tested and made of premium quality materials, the QuickDraw offers the best user experience of any filter in its class.

With a premium 1L reservoir, a fast flow rate and an ultralight design that allows for seamless adaptability to numerous dirty reservoirs, the QuickDraw is the best personal squeeze filter system available.

- **Fast Flowing:** 3 liters per minute with squeeze pressure prevents extended stops and keeps you moving.
- **Ultralight:** The whole system weighs just 3.3 oz (95 g), delivering advanced water filtration with a minimal weight tax.
- **Easy Cleaning:** Two simple cleaning methods—shake-to-clean and a tool-free backflush—remove particulates and maintain fast flow rates.
- **Combine & Customize:** Thread design on the dirty side provides seamless compatibility with a wide variety of dirty reservoirs to allow your system to be customized.
- **Safe & Effective:** Each filter is individually tested to ensure it meets all EPA & NSF guidelines for the removal of 99.9999% of bacteria and 99.9% of protozoa.*
- **Integrity Test:** Determine if your filter has been compromised from a fall or freezing by performing a simple integrity test.
- Comes with 1L QuickDraw reservoir, dirty side cap, DrinkCap and ConnectCap™.

*Includes Giardia, Cryptosporidium, E. coli, Salmonella and Cholera.

QUICKDRAW™ 1L FILTER SYSTEM

NEW

QuickDraw™ 2L Filter System

With an increased storage capacity the QuickDraw 2L is the fast-flowing and easy-to-deploy squeeze filter system that keeps you moving forward.

With a higher storage capacity and the multi-reservoir compatibility of the ConnectCap, the QuickDraw 2L brings more flexibility to ultralight pursuits.

- **Premium Reservoir:** Included 2L reservoir is durable and free of plastic taste thanks to our proprietary tri-layer film construction.
- **Combine & Customize:** The ConnectCap™ delivers compatibility with common 28mm plastic bottles and Platy bottles, while the hose fitted with a CPC connector allows direct filtering to CPC fitted reservoirs like the BigZip™.
- **Fast Flowing:** 3 liters per minute with squeeze pressure and 1.75 liters per minute in a gravity setup.
- **Ultralight:** Weighing just 5.7 oz (161 g), it keeps things ultralight while increasing water capacity.
- **Safe & Effective:** Each filter is individually tested to ensure it meets all EPA & NSF guidelines for the removal of 99.9999% of bacteria and 99.9% of protozoa.*
- **Integrity Test:** Determine if your filter has been compromised from a fall or freezing by performing a simple integrity test.
- Comes with 2L QuickDraw reservoir, dirty-side cap, ConnectCap™, and short hose with CPC connector.

*Includes Giardia, Cryptosporidium, E. coli, Salmonella and Cholera.

NEW

QuickDraw™ 3L Gravity Filter System

Ideal for fast-moving groups, the QuickDraw 3L Gravity delivers the same fast, simple and ultra-versatile performance the QuickDraw lineup is known for in an effortless gravity-powered design.

With a premium 3L reservoir, the QuickDraw 3L Gravity is ready to go right out of the box as the most complete system in the QuickDraw family, with the ConnectCap™ and Bottle Adapter delivering the most comprehensive reservoir compatibility of any QuickDraw system.

- **Combine & Customize:** Accessories like the ConnectCap, a hose with a male CPC connector and the wide and narrow-mouth compatible Bottle Adapter allow the system to be tailored and optimized.
- **Premium Reservoir:** 3L reservoir is taste-free and durable thanks to our proven construction technique and features a detachable hang strap to allow both gravity and squeeze filtering.
- **Fast Flowing:** 1.75 liters per minute in a gravity setup and 3 liters per minute with squeeze pressure.
- **Ultralight:** Weighing just 8.2 oz (233 g) it supports groups with clean water without weighing you down.
- **Integrity Test:** Determine if your filter has been compromised from a fall or freezing by performing a simple integrity test.
- **Safe & Effective:** Each filter is individually tested to ensure it meets all EPA & NSF guidelines for the removal of 99.9999% of bacteria and 99.9% of protozoa.*
- Comes with 3L QuickDraw reservoir, dirty-side cap, DrinkCap, ConnectCap™, Bottle Adapter, long hose with CPC connector, shutoff clamp and storage bag.

*Includes Giardia, Cryptosporidium, E. coli, Salmonella and Cholera.

SCOOP & DRINK. IT'S THAT EASY.

Transform your favorite wide-mouth water bottle into an effortless scoop-and-drink water filter with the DayCap™. With a premium feel that complements the quality of your bottle, the hollow fiber technology delivers fast-flowing 0.2-micron filtration, so you spend less time worrying about clean hydration and more time enjoying the great outdoors.

HYDRO FLASK®

YETI® YONDER™

NALGENE®

NEW

DayCap™ In-Bottle Filter

The water bottle cap that transforms your favorite wide-mouth water bottle into a fast-flowing, ready-to-go water filter.

For when you want to head out with easiest possible water filtration, we engineered the DayCap to seamlessly fit three popular wide-mouth water bottles and turn them into fast, safe and incredibly easy water filters.

- **Multi-Compatible:** Optimized to fit Nalgene® wide-mouth bottles, HydroFlask® wide-mouth bottles, and Yeti® Yonder™ bottles.
- **East-to-Use Design:** With a drink spout optimized for pulling water through the filter, all you need to do is tip your bottle up like usual and drink.
- **Premium Construction:** TPE mold construction is durable and complements the quality of your bottle.
- **Proven Filtration:** Hollow fiber filtration media is the same technology as our most popular and field-proven filters and filters up to 1 liter per minute.
- **Easy Cleaning:** Simply shake to clean with it attached to your bottle to break up particulates and restore flow rates.
- **Safe & Effective:** Each filter is individually tested to ensure it meets all EPA & NSF guidelines for the removal of 99.9999% of bacteria and 99.9% of protozoa.*
- **Expertly Engineered:** Filter detaches with an easy half-turn for cap-only mode; spout shape is optimized for drinking and pouring; semi-flexible carry loop is a sturdy attachment point.

*Includes Giardia, Cryptosporidium, E. coli, Salmonella and Cholera.

NEW

PackTowl Changing Poncho

Made for anywhere privacy is difficult to come by, the Changing Poncho is both towel and personal changing room. This double-duty workhorse lets you get naked, get dry and get into fresh clothes without showing so much as a shorts tan line.

Like all PackTowls it's made from partially recycled microfiber material, so you know it dries fast, doesn't smell and absorbs water like crazy. So go forth and sweat/get wet with confidence.

Just a few of the places you'll want one:

- Getting out of your wetsuit while arguing about who has the best cutback
- In the crowded parking lot after a muddy post-work mountain bike ride
- At the not-so-secret wilderness hot springs

NEW

PackTowl Changing Poncho

A towel and changing room in one: the newest travel and adventure essential.

Made with the odor-resistant, hyper-absorbent and fast-drying material PackTowl is known for in a convenient style for changing and privacy, the new Changing Poncho will be a must-have for travelers and adventurers of all types.

- **Portable Changing Room:** The poncho silhouette makes changing easy and private wherever you are.
- **Quick Drying:** Dries faster than comparable cotton fabric; easy to dry with convenient hang loop.
- **Sustainably Made:** 85% recycled fabric reduces environmental impact.
- **Odor Control:** Odor control treatment keeps poncho fresh longer.
- **Kangaroo Pocket:** A large kangaroo-style pocket keeps hands warm or holds a change of clothes when you have nowhere else to set them when changing.
- **Made for Everyone:** Two sizes so everyone can have a comfortable fit.

HOW TO SEARCH Q

The search bar is located in the upper left corner of the MediaVale interface. The quickest way to locate files is to search by SKU number, product name or use a semantic search.

Browse by Category

Below the search bar you'll find our library organized by category. Assets here are generally organized by asset type, then by Brand and Product Category.

Search

CATEGORIES LIGHTBOXES FILTERS

- Home
 - Most Viewed
 - Recently Uploaded
 - Introduction and Help
- Cascade Designs Library
 - Cascade Designs Marketing
 - Cascade Designs Sales
 - Varilite Library

TIPS FOR SEARCHING

Narrow results by using specific product names. E.g. "xtherm MAX" will limit results to assets only tagged with the "MAX" model.

Use Keywords. All assets are tagged with keywords to make it easy to find and identify. These might describe scenery, colors, subject matter or product features found within the asset, for example; zipper, binding, sunset, dog etc.

Use Advanced Search filters and choose from the various criteria to narrow down your search. Once you're satisfied, hit the "Apply" button.

Use "NOT" to eliminate unwanted results. For example, to find WindBurner lifestyle images without snow in the scene, enter "windburner NOT snow".

Download Seasonal Asset Kits. Our team has created convenient seasonal asset kits that contain each new season's product images, videos, web copy, sell sheets and product data. These can found under Library > Marketing Collateral > Asset Kits.

Save Searches that you will use again by clicking "Save Search" button that appears below the search bar after you have completed a search.

DOWNLOAD AND SHARE ASSETS

Download or share assets in their native high-resolution format or render the files into a different size or format such as PNG, JPG, MP4, etc.

QUICK DOWNLOAD

Quickly download any asset by selecting it and clicking the download icon on its thumbnail. This can also be done when selecting multiple files from your search.

DOWNLOAD RENDITION(S)

Custom download options are available in the Download menu found by click "Actions" in the upper right corner. Choose from common presets formats or select "Custom asset(s)" to render files in a specific format, size or resolution to meet your needs.

OTHER FEATURES

VIDEO: Videos can be played back within MediaValet and compressed into various formats before download. To compress and convert videos, select “Download Rendition” and select your format from the Download menu.

CROP: Images can be re-framed and cropped in MediaValet before downloading. To do this, simply click on an image to view it in full-size, then click the “Crop” tab. You’ll have the option to freeform drag-and-drop your frame size or select from preset size options.

LIFESTYLE IMAGE USAGE RULES

Lifestyle image assets in our library are licensed for limited use and require photographer credit be listed when used.

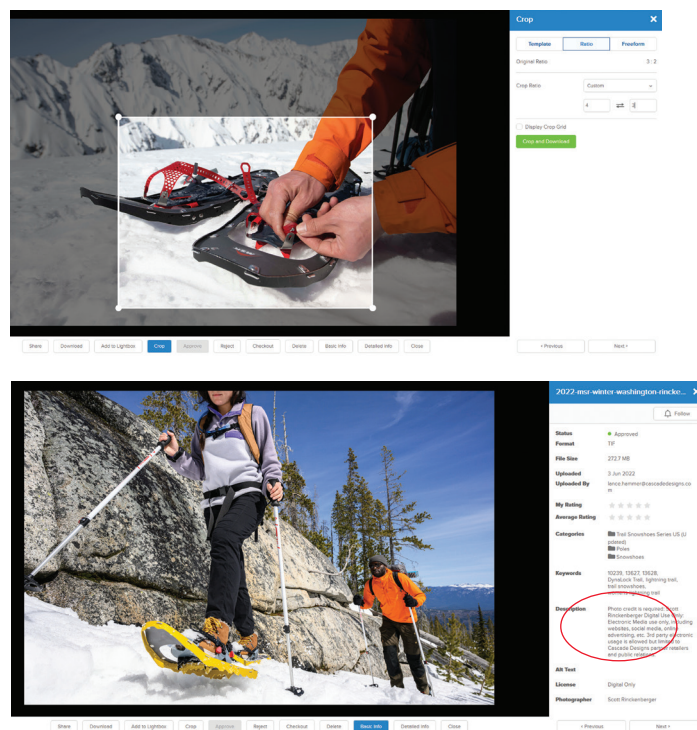

Ex. Photo: Scott Rinckenberger | MSR

Pay attention to the licenses listed in the description field (see right) and refrain from using them for anything beyond their intended use. For example, assets labeled “Digital Use Only, No Print” are not allowed for use on printed posters, banners, magazines, etc.

For more information on license definitions and limitations, see our terms and conditions.

STILL NEED HELP?

Additional help can be found by clicking the question mark icon in the bottom right of the MediaValet interface. Help and instructional videos are located in the “Introduction and Help” Category section underneath the search bar.
